

PROJECT DESCRIPTION FORM

CORE 2025 CALL

Project Acronym	
Principal Investigator (PI)	
Host Institution	

Please carefully read the **Guidelines for Applicants** before starting the description of your research proposal. Bear in mind that the proposal will be evaluated according to the selection criteria set out in the guidelines for applicants and in the peer-review guidelines. To be successful, the description has to clearly address these criteria.

IMPORTANT: The project description is limited to a fixed number of characters.
Please refer to Annex 1.2 of the Application Guidelines where the exact character limits are indicated. Proposals exceeding the indicated character limits will be rejected without further evaluation.

The Project description cannot be submitted alone. Before uploading the document to the online application form, it has to be converted to **.pdf**

PROJECT DESCRIPTION

1. Description of the Proposed Research Project

- 1.1 Introduction
- 1.2 Relevant state-of-the art and your own contribution to it
- 1.3 Hypotheses, project objectives and contribution to knowledge development in the research field
- 1.4 Methods and approach
- 1.5 Ethical considerations (if applicable)

2. Project Plan

3. Risk Management and Quality Assurance

4. Project Outputs

- 4.1 Impact of research results
- 4.2 PhD candidate supervision and research lines (if applicable)

5. Project Participants and Management

- 5.1 Description of the consortium, communication and decision-making
- 5.2 Summaries (term sheets) of the Consortium agreement and/or the Intellectual Property Rights (IPR) agreement
- 5.3 Ongoing projects of the PI (and Co-PI, if applicable)
- 5.4 Ongoing supervision of PhD candidates of PI (and Co-PI if applicable)

6. Comments on Resubmission (only if applicable)
